

A detailed site plan of a bathing area. The central feature is a large blue lake labeled "Badesee". Surrounding the lake is a yellowish-brown area representing a lawn or sandy beach, with various green symbols indicating trees and shrubs. A network of paths, shown in light brown, surrounds the lake. Eight purple brackets are placed along these paths, indicating specific access points or fence openings. To the left, there is a smaller blue pond. In the top right, a black triangle points upwards, serving as a north arrow. The entire plan is enclosed in a purple border.
